## PROPERTY OWNER RELEASE FORM

Your roofing contractor would like to enter your roofing project into the Tapco Elite Roofing Awards competition. In order to do so, you must agree to potentially allow access to your property exterior for a professional photography shoot. We also need your permission to publicise your roofing project. Note that we will never publish your full address, only an approximate location.

**PLEASE COMPLETE THIS FORM AND SIGN WHERE INDICATED**

I (the Owner of Property featuring products from Tapco) hereby grant to Westlake Tapco Europe Ltd., (a Westlake company, operating under Tapco Roofing Products):

1. The right and permission to have exterior drone videos, drone images and still land images taken of my property by a professional photographer hired by Tapco.
2. I understand and agree that any of the photographs\* and/or videos taken by representatives of Tapco may be used for any purpose and in any and all media now and in the future. I understand this includes publicity materials for Westlake Royal Building Products, Tapco, its distributor and my roofer. These materials may include banners, website stories and images, marketing brochures, social media postings, press releases and other promotional items.
3. I understand and agree that I will be interviewed for a story on my roofing project. I also understand I will have the opportunity to review and approve the story before it is published.  
 I grant Tapco and its owners, and my roofer, the right and permission to use my name and/or video interview in connection with this project.  
 I prefer to remain anonymous in this project. I understand a Tapco Representative will contact me for information on the project, but only general remarks and location will be used to promote the project.
4. I hereby release and discharge Tapco and its owners from any and all claims and demands arising out of or in connection with the use of the photographs and/or videos and/or publicity.

I have read the above and fully understand the contents of this release. This release shall be binding.
